

Down Syndrome Awareness Month Poster

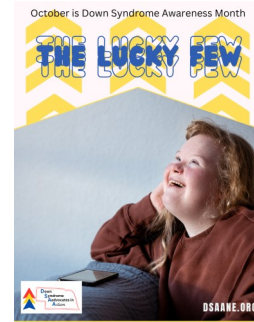

We are excited to spread awareness during October with our Down Syndrome Awareness Month Poster campaign. This year each family will receive one free 11x14 photo poster or \$10 off any other size poster or yard sign. You can decide where the posters are displayed, or we can display them locally at businesses, schools and libraries. The choice is yours. There are no limits to the number of personalized posters you or your friends and family can sponsor. There are 3 styles of posters available in 2 different sizes and a yard sign option (yard signs are similar styles printed horizontal and include a stand). Each style can be personalized with a photo of your loved one with Down syndrome. Posters will be processed within one week of final design approval. You will also receive a copy digitally that you can share with friends and family who might also like to sponsor a poster.
